Wadley & Smythe,
591 Fifth Avenue,
New York.

Dear Sirs:-

I am returning herewith your bill for plants delivered by your Mr. Wilson. I do not quite understand the second item - if this is for the palms, it was Mr. Wilson's intention to rent these rather than purchase them, and the number has since been increased to six. If the reference however is to the ferns other than the Boston ferns, may I say that there were but three of these instead of four. I presume that your reference must be to palms.

I am putting through the bill for the Boston ferns. Kindly send supplementary corrected bill for the others. If you desire to withold this until after March 19th, when our exhibition closes, in order to judge of the condition of the palms upon their return, that will be satisfactory to us.

Very truly yours,

Secretary.
